9. 300mm VGA card and HDD bay installation
10. Clean dust filters
11. install fans in the HDD rack
12. water cooling installation(240/360mm)

Specifications

Model:	
Model Name:	TAURUS 5000
Model Number:	CSAZ-5000B/CSAZ-5000W
Spec:	
Type:	ATX Full Tower
Color:	Black/Black(inside chassis)/White/Black(inside chassis)
Side Panel Window:	Yes, with RGB LED color
With Power Supply:	No
CPU Cooler Compatibility:	up to 180mm
Motherboard Compatibility:	Full ATX, Micro ATX
Power Location	Rear Bottom
Expansion:	
External 5.25" Drive Bays:	3
Internal 3.5" Drive Bays:	8
Internal 2.5" Drive Bays:	8
Expansion Slots:	8
Front Ports:	2x USB 3.0, 2xUSB 2.0, Audio
Cooling System:	
120mm Fan:	2x120mm LED Fan on The Top
120mm Fan:	2x120mm LED Fan in the front
120mm Fan:	1x120mm Fan in Rear
Physical Spec:	
Dimensions(HxWxD)	21"x8.3"x20.6"(533mmx210mmx523mm)
Weight	10.2Kg(22.5 lbs)
Features:	
Modularized HDD cage design	Removable HDD cage allows you to install the longest VGA card
Exceptional Cooling System Total 5 fans	2x120mm fan located on top, exhausts the hot air out 2x120mm fan located in the front, takes in the cool air 1x120mm fan located in the rear, exhausts the hot air out
RGB LED color for side panel	Provides RGB multiple LED color for side window.
Maximum Capacity Water Cooler	Supports 1x240mm and 1x120mm water cooling system
Supports longest VGA card	Accommodates VGA card up to 400mm
Screw-less design	Screw-less design for ODD and HDD
Easy install CPU cooler	A hole for easy install CPU cooler, no need to remove motherboard.

Chassis parts

1	4X120mm LED fan (included)
2	120mm rear fan (black)
3	Top cover
4	Top Grid
5	Top filter
6	Top metal mesh
7	Front bezel
